Is our country exceptional and worth saving?

Cushman urges readers to answer YES and start having honest conversations with each other to save our nation.

WHAT READERS ARE SAYING

"A must-read for every citizen who is concerned about the survival of America."

- Sean Hannity

"Like a lot of people, Jackie Cushman understands how broken and divided our country has become. But she's one of the rare figures in public life who knows how to heal it. The solution, she writes, is intellectual humility. See if you can remember the last time you saw that concept in practice. This is a wise and refreshing book."

- Tucker Carlson.

"This is a book with a powerful message of hope for American Renewal."

- Newt Gingrich
